Installation instructions.

Retrofitting BMW Performance Air Cleaner System BMW 3 Series (E46) with M54 Engine

Installation instructions only apply to vehicles **325i, 325ci, 330i and 330ci**.

Retrofit Kit No.:	13 72 0 429 306	Performance Air Cleaner System (325i, 325ci)
	13 72 0 429 613	Performance Air Cleaner System (330i, 330ci)

Installation Time

The installation time of **approx. 0.5 hours** may vary depending on the vehicle's condition and equipment.

Important information

These installation instructions are primarily designed for use within the BMW dealership organization and by authorized BMW service companies.

In any event, the target group for these installation instructions is specialist personnel trained on BMW vehicles with the appropriate specialist knowledge.

All work must be completed using the latest BMW repair manuals, circuit diagrams, servicing manuals and work instructions, in a rational sequence, using the specified tools (special tools) and observing current health and safety regulations.

In the event of installation or functional problems, limit troubleshooting to approx. 0.5 hours for mechanical jobs and approx. 1.0 hours for electrical jobs.

To avoid unnecessary work and costs, send a corresponding inquiry via the Aftersales Assistance Portal (ASAP) using the technical parts support application.

Please quote the following:

- Vehicle identification number
- Part number of retrofit kit
- Exact description of the problem
- Work already carried out.

Do not archive the hard copy of these installation instructions, as daily updates are made by ASAP!

All pictures show LHD cars; proceed accordingly on RHD cars.
